Plan/Accounting of how t	these funds w	ill be spent:
Description	Budget	Explanation
REPAIR AND REPLACE ROOFS AND HVAC FOR APPROXIMATELY 7-10 HOMES	\$100,000.00	Homes were impacted by 2015 Hurricane and deferred maintenance.
Grand Total	\$100,000.00	

Please explain how these funds will be used to provide a public benefit:

Our target population of home owners, because of their limited finances, have housing issues that different from those in moderate-income and high-income brackets, to state the obvious. This typically leads them into differcult decision - making situation: the choice between/among the upkeep of their dwellings, are the paying for of utilities and other monthly bills, or the making of essential purchases such as food, clothing, and medication. Understandably, home maintenance is frequently neglected or is at best piecemeal and reactionary. And yet, ironically, the poor conditions of housing can be a key contributor to the poor health of the occupant, leading to ever higher healthcare cost and other needs. For example, it is leaking roofs and black mold on walls and floors that have precipitated or aggravated servere respiratory issues among many. Your awarding of these funds will enable us to aid the needy in addressing at least some of these most critical needs. We estimate that the number of roofs to be reparied and/or replaced and HVAC units repaired and replaced at 7-10 clients. These numbers are recognized as tentative based on the issues that may be discovered upon our repair or demolition of existing damage. Also cautionary is the costs of the supplies and equipments needed for construction. We firmly beleive that all our citizens need and deserve safe, secure, and sanitary housing: therefore, we are conscientious in providing excellent work and craftmanship as our service. The Marion Long-Term Recovery Group has a General Contractor who is responsible for the securing of the best qualified sub-contractors, while ensuring that accepted quotes are in line with the market, and utilizing standard and tools that comply with or exceed other state and federal funding.
